

# 2023-2024 PET328

## Assignment 1

**Due Date: 10:00am Monday, April 8, 2024**

1. Set up the following tools:

 A user account on [www.github.com](https://www.github.com). Ensure to have your official names or matriculation number in your username or in your account description.

 GitHub Desktop – install.

2. Fork and clone the PET328\_Class\_2024 repository into your GitHub account.
3. Log in to PET328 Course on Moodle and submit the URL of the forked repository. The URL must be of this format: [https://github.com/yourusername/PET328\\_Class\\_2024](https://github.com/yourusername/PET328_Class_2024); with ‘yourusername’ being your GitHub username.
